## Fibre To The Home

Posix Systems is planning to take Fibre all the way to your Home. Our FTTH route is from Rosebank to Midrand, Isando to Midrand and then from Midrand to Pretoria via Midstream Estate/Highveld, Irene, Cornwall Hill, Elarduspark, Menlyn, Lynnwood, The Willows, Equestria, Silver Lakes, Wapadrand, Faerie Glen and Garsfontein.

If you are in, close to or between these areas, we can provide a 100Mbps or 1Gbps fibre connection. Get blindingly fast access to the majority of South African Content and a fixed contention ratio link to the rest of the Internet. No Caps, no Data shaping, just **Pure Internet**.

Additional services can include Dial Tone (Telephone), TV Signal, Video on Demand, offsite backup and Cloud based services.

We are currently asking you for your expressions of interest in taking a connection to assist with our planning of supplementary routing.

Residential pricing will be around **R600** a month for a **100Mbps** local connection which includes 3Mbps International connectivity and static IPv4 and IPv6 addresses.

Businesses: R2300p/m, includes 1Gbps Local and 10Mbps International.

Additional International Internet access will cost about R30 per Mbps at a 20:1 contention ratio.

**Fibre to the Home. No Caps, No Shaping, just Pure Internet.**

To assist us with our planning, please complete the survey at:

<https://ftth.posix.co.za>

**We need your address and GPS location.**
