SCHEDULE 17

CODE OF CONDUCT OF MEMBERS OF THE MUNICIPAL PLANNING TRIBUNAL, MUNICIPAL APPEALS TRIBUNAL, OPERATING PROCEDURES AND GUIDELINES

PROCEDURE FOR THE MUNICIPAL PLANNING TRIBUNAL TO CONSIDER LAND DEVELOPMENT APPLICATIONS

This Code of Conduct aims at providing a foundation for procedures to be followed by the Municipal Planning Tribunal, Municipal Appeals Tribunal or Authorised Official to consider Development Applications in terms of the applicable legislation and that authorises the Municipality to take decisions and shall apply *mutatis mutandis*.

A. INTRODUCTION: THE PROCESS OF SUBMISSION OF LAND DEVELOPMENT APPLICATIONS

1. The process refers to all land development applications submitted in terms of this By-law, the Act or other relevant legislation, i.e. national, provincial or municipal.
2. Applicants lodge a land development application with the Department responsible for Development Planning or as the case may be. Depending on the nature of the application, an application will be advertised or not. The method of advertising may differ from one type of application to the other. The application is circulated to various departments within the Municipality as well as those bodies the Municipality is obliged to consult with as prescribed by the different legislation. The application may be circulated to the Ward Councillor for comment at this stage.
3. The different types of land development applications submitted have different procedural requirements, which include different prescribed fees, specific documentations, different advertising requirements, affidavits, etc.
4. Upon submission of the land development applications the administration must ensure that all procedural requirements have been met in terms of the relevant legislations.
5. The Deputy Director for the Municipal Planning Tribunal and committees assigned to him/her shall ensure that all relevant documents have been submitted for consideration of the land development application and may for that purpose prepare a report if required to that effect, read with section 15(2) of this By-law.
6. Once all the advertising periods, as well as circulation dates have expired the application is ready to be processed by the administration.
7. The Department responsible for Development Planning prepares a report capturing the assessment that include assessment and evaluation of evidence presented by the applicant or other parties to the application for their burden of proof in terms of the Act and need and desirability or any other compliance for the application to be considered including policy frameworks, responses to all comments received and specifically dealing with objections.
8. Once a report has been prepared by the Department responsible for Development Planning it will be determined whether the application can be dealt with in terms of powers delegated to the Authorised Official in terms of the categorisation of development applications or whether the application must be referred to the Municipal Planning Tribunal for decision-making in terms of their functions and delegated powers.
9. If an application is referred to the Municipal Planning Tribunal, all relevant documentation, the applicant's memorandum, objections, the applicant's reply to the objections and the official's comments are annexed to a report which sets out the basis of the application.
10. The administration responsible for supporting the Municipal Planning Tribunal arranges for a public hearing contacting all objectors and advising them to attend an inspection of site and the hearing. It is important to send out the notification strictly in accordance with the requirements of the relevant legislation, in most instances fourteen days' notice plus seven days for postal delivery for the hearing.
11. The schedule of meetings and items to be considered during a month may be circulated

to the relevant ward councillors, where in terms of section 15 of this By-law, the Ward Councillor is invited to participate in the hearing of the Municipal Planning Tribunal or the Municipal Appeals Tribunal at the beginning of the month.

B. OPERATIONAL FRAMEWORK FOR THE MUNICIPAL PLANNING TRIBUNAL

1. The policy guidelines and operation framework are intended to assist the Municipal Planning Tribunal with decision-making on land development applications and should work towards the implementation of the Integrated Development Plan for Council. These policies would include proposed densities, areas where mixed land use could be supported and policy statements with regard to the treatment of development corridors, etc., before they can be implemented. The most important policy document being the Municipal Spatial Development Framework ("MSDF") and its components.
2. The MSDF's (IDP) shall be adhered to at all times unless it may be departed from as provided for in terms of the Act or this By-law.
3. In terms of the relevant municipal planning legislation the Municipality may take certain decisions with regard to land development applications.
4. In taking decisions as contemplated in the various land development pieces of legislation, such decisions may be regarded as an administrative action in terms of administrative law. The Promotion of Administrative Justice Act, 2000 (Act 2 of 2000) should be complied with at all times. All administrative actions should be lawful, reasonable and procedurally fair. Further, the Municipal Planning Tribunal can be regarded as a quasi-judicial body in the execution of its responsibilities.
5. A quasi-judicial act or function refers to an act or function, which influence the liberty, property or other existing rights of an individual. Submissions made to the Municipal Planning Tribunal will range from new development to change of land use rights on a given site, and they involve both public and private sector initiatives, all of which need to be assessed in terms of their strategic influence on the whole of the City of Tshwane area.
6. Any quasi-judicial body is required to comply with the rules of natural justice, as well as administrative action. This legislation dealing with land development provides that certain requirements be adhered to with regard to any decision that may be taken by the Municipal Planning Tribunal and no discretion exists to deviate therefrom.
7. In order to remain objective in the decision-making process, the applicant will only discuss the application with the relevant officials and objectors prior to the hearing. If the matter is discussed with any member of the Municipal Planning Tribunal prior to the hearing, it could be construed that, a decision taken by the Municipal Planning Tribunal where such interaction did take place, that such a decision is not objective. The planning official will negotiate conditions and problem areas with the applicant and the service departments may need to discuss specific issues relating to implementation. The rules of natural justice, however, indicate that it would be fair to all parties concerned, if negotiations take place prior to the Municipal Planning Tribunal hearings.
8. In order to save time and to ensure that matters do not have to be postponed unnecessarily, applicants and objectors would be requested to submit *points in limine* prior to the meeting. These *points in limine* should be submitted in writing to the administration supporting the Municipal Planning Tribunal within a specific time frame. These may then be dealt with administratively, in consultation with the legal department, prior to the meeting. If necessary, the meeting date may be changed to accommodate the correction of matters, i.e. if all objectors did not receive notification of the meeting.
9. The rules of natural justice, which should be adhered to, include the *nemo index insua causa* rule, i.e. no person may be a judge in his own case. Various case law confirms the above and goes further to apply the principle that "justice should not only be done, but should be seen to be done". In other words, even if it can indisputably be proven that a person is not biased, if it appears to the layman that somebody may be biased, he/she must recuse themselves from the decision-making process.
10. A member of the Municipal Planning Tribunal shall not take part in the discussion of or the making of decisions about any matter before the Tribunal in which he/she or his or her spouse, immediate family, partner of employer, or the partner or employer of his or her

spouse has, directly or indirectly, may have any pecuniary interest read with section 38 of the Act.

C. SITE INSPECTION

1. Applicants, interested parties and objectors will be requested to bring evidence along to the hearing such as photographs, video recordings, models, etc. with regards to any physical features they wish to base their submission on.
2. Parties will be permitted to argue the relevance of a site inspection at the hearing if they so wish.
3. The Municipal Planning Tribunal will decide whether to go on a site inspection or not. This will follow the next day of the hearing whereafter the hearing will be concluded or where the Department deems it necessary the site inspection can be arranged before the hearing of the land development application.
4. In the case where it has been argued and agreed that the inspection of the site is important, the inspection must be attended by a quorum of the Municipal Planning Tribunal and preferably all the members of the Municipal Planning Tribunal who are due to hear the matter.

The procedure adopted to facilitate this is as follows:

- * The parties agree at the hearing at what time the inspection will take place either on the day, or if the site inspection is scheduled prior to the hearing, as may be determined at the site inspection.
 - * At the inspection the parties are entitled to point out physical features that they intend arguing as being important during the hearing. There shall be no arguments or debates at the site and during the site inspection.
5. The following points should be noted with regard to site inspections:
 - * All the Municipal Planning Tribunal members will concentrate on the physical features pointed out by the parties to the hearing and will at all relevant times pay full attention to the submissions made on site.
 - * The Municipal Planning Tribunal members will follow the Chairman/Presiding Officer on the tour of the site and/or relevant building(s). The inspection will be of a visual nature elucidated by questions or requests for further particulars. No doors, cabinets or drawers are to be opened unless the applicant or his representative offers to do so.
 - * The Chairperson/Presiding Officer will meet the applicant and/or representatives of the applicant and explain the nature and purpose of the site inspection.
 - * The site inspection will be regarded as concluded when the Chairman/Presiding Officer has ascertained that there are no further questions to be asked and informed the participants where and at which time all parties will meet again to conclude the hearing.
 - * No bias towards a decision should be communicated by any Tribunal member at this stage. All members are to remain objective, until the hearing is concluded. Concerns and objections by Tribunal members should be raised in the Tribunal in committee session.
 - * Tribunal members and/or officials will switch off their cellular telephones and/or pagers during site inspection and the formal hearing.
 - * No discussion of any nature whatsoever will be allowed on the bus, should a bus be used, on the merits or physical features or any time prior or after the site inspection thereof.

D. ORDER OF HEARING

1. In order to ensure that proceedings of the Tribunal take place in a dignified atmosphere, the Municipal Planning Tribunal members are requested to refrain from criticizing other officials, expressing disagreement with other members of the Tribunal or making statements, which could be construed as pre-judgment of the issue before or during the hearing itself. Members are free to express themselves fully at the decision-making stage of the proceedings. Members should respect the procedures by asking leave from the chair to leave the proceedings.
2. If any Municipal Planning Tribunal member or his or her family has a vested interest as contemplated in section 38 of the Act, in the application, he/she should recuse himself or herself from the hearing for the application.
3. The Appeal Court has expressed itself as follows regarding the principles that govern properly conducted meetings: -
 - * *"The Municipal Planning Tribunal has specially been created to deal with disputes relating to administration and are not bound to follow the procedure of a court of law. Certain elementary principles, speaking generally, they must have due and proper opportunity of producing their evidence and stating their contentions, (and the statutory duties imposed must be honestly and impartially discharged). These elementary principles must be regarded as embodied in the Act, and regulations running counter to them could be upheld."*
4. The above principles should be seen to be observed both at the site inspection and the hearing in order to enhance the reputation of the Tribunal as a credible body and to ensure that the Tribunal proceedings cannot be attacked in the courts on the basis that such principles were not properly observed.
5. The procedure adopted in the hearing shall be in accordance with section 18(3) of this By-law;

1. The Tribunal may approve the application as submitted, in an amended form subject to conditions, refuse the application or postpone its decision as contemplated in the provisions of this By-law read section 35, 40 and 42 of the Act. The Tribunal should also take a decision on the merit of an application and look at all the relevant information and disregard the irrelevant information. The Tribunal has to apply its mind in the consideration of an application before it.

It is the duty of the legal adviser to ensure that the decision that is made can be substantiated by the relevant facts and can be upheld in a court of law. The proceeding is also recorded and the Tribunal should state its reasons for the decision on record.
3. If the Tribunal intends to change the conditions of an application substantially, it should be done in consultation with the parties to the application. The development planning legislation makes provision for the amendment of the application, after consultation with the applicant and/or parties to the Tribunal hearing. However, no greater rights than that which has been applied for and consequently advertised may be asked for or given or where the rights of an interested and affected party are affected whether the rights are increased or not can be granted in an amended form.
4. An application can only be postponed for relevant reasons. These include: by request and agreement of the objectors, if points *in limine* were raised, adequate notification of the hearing was not received, etc.
5. Consideration of the application should be done with due regard to all relevant facts, policies and in particular the Integrated Development Plans and Municipal Spatial Development Framework with reference to section 35 of the Municipal Systems Act, 2000 (Act 32 of 2000) and section 35, 40 and 42 of the Act.
